## PART I: GROUP INFORMATION

Name of Your Organization (Business, School, Church, Group, etc.)	Name of Your Group Leader	Date of Challenge Course Program
---	---------------------------	----------------------------------

## PART II: ABOUT PHYSICAL REQUIREMENTS & MEDICAL CONDITIONS

You are about to participate in a challenge course program. You may experience a variety of physical and mental challenges. For most of the time, you will be undertaking activity which is best described as moderate exertion, comparable to normal walking, raking leaves, paddling, light calisthenics, etc. There may be situations during the program where you may experience vigorous exertion. This is comparable to slow jogging, tennis, swimming, shoveling snow, basketball, or climbing a ladder.

If these types of activities are difficult for you, we would like you to discuss your participation in the course with a physician who knows your health history. If these are activities in which you regularly engage without difficulty, you should be fit for participation.

If any of these specific medical conditions apply to you, you must consult with a physician before participation. If you or your physician has any questions about these conditions or about challenge course activities, feel free to contact us at (410)-556-6900.

- Pregnancy: wearing a climbing harness may not be advised. Consultation with physician is highly recommended.
- Kidney or liver transplant: climbing harness could injure transplanted organ.
- Healing fracture or joint injury: should be cleared by the treating Physician.
- Recent surgery: should be cleared by the treating Physician.
- Down syndrome: should have x-ray check for neck instability as per recommendations of the Special Olympics.

I have reviewed this material and **have NOT consulted with my physician**. I believe that I am fit to participate in the challenge course program. I understand that I am not required to complete any event or activity and am free to modify my participation at any time.
